

Go Into EOFY 2027
With Confidence, Not Stress.
With PhorestPay.

Why EOFY Can Be Stressful *Without* an Integrated Terminal

⚡ Payment Mismatches

Having to hunt down missing transactions and payments that don't quite add up can turn a straightforward process into a frustrating investigation

⚡ Time-Consuming Admin

EOFY often means late nights spent reconciling payments and fixing discrepancies instead of focusing on your clients, business or personal life

Why EOFY Can Be Stressful ***Without*** an Integrated Terminal

⚡ **Unclear Reporting**

When your numbers live in multiple systems, getting a clear picture of your business can feel like a guessing game just when you need certainty most

✗ And when you can't trust your own numbers, conversations with your bookkeeper or accountant become **more stressful than they need to be...**

You didn't open your business to spend
your evenings **chasing payment
discrepancies.**

Those hours of detective work at EOFY
are often **a sign** that
something needs to change.

Make EOFY 2027 Smoother with a PhorestPay Terminal

1

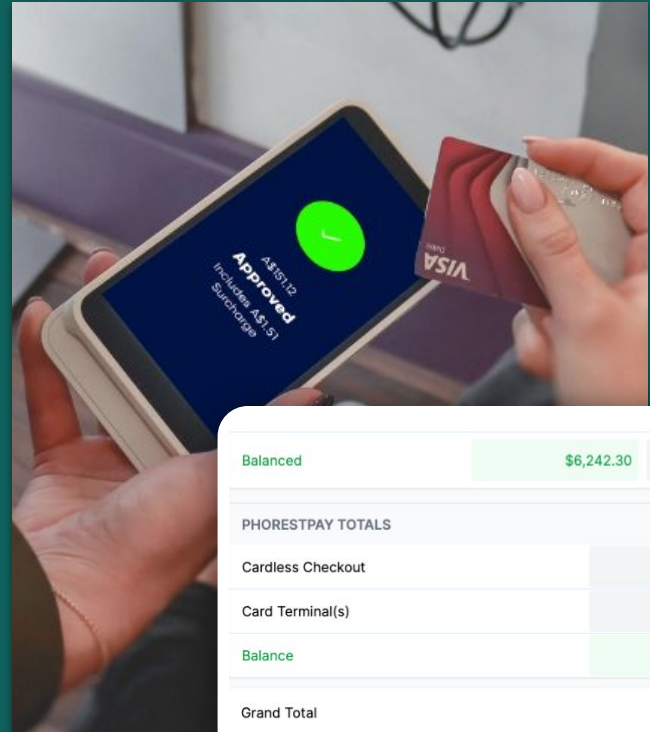

Automatic Reconciliation

No more manual cash-ups. Payments, bookings, and totals sync automatically, ensuring everything matches at the end of the day

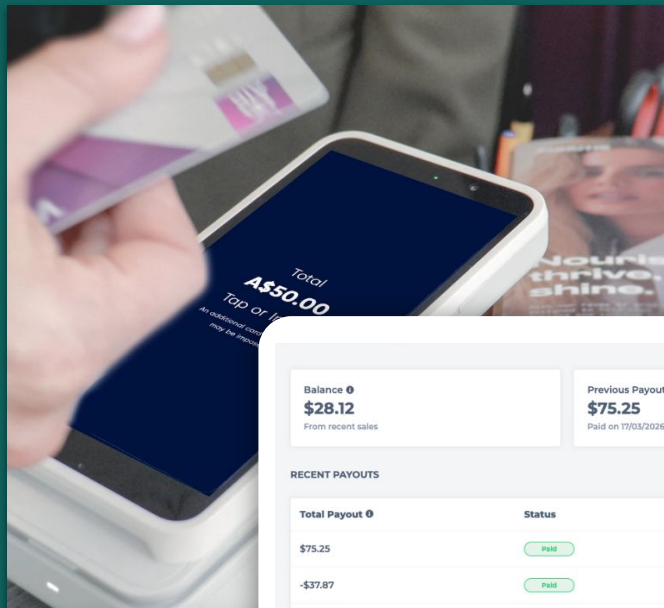

2

Seamless Checkout Experience

Totals flow directly from Phorest to the terminal. No re-keying amounts, fewer mistakes, and faster transactions

3

Accurate Reporting & Less Admin

Reduce errors, eliminate manual entry, and rely on real-time reporting across your business – giving you greater confidence in your numbers and less time spent reconciling transactions

The Result: Save up to 30 minutes every day; that's over **80 hours back** in your business each year!

PhorestPay

Using Your Terminal

On average, Australian businesses
save 8 hours and \$256 per month
using an integrated terminal.

That's nearly *two working weeks* and
over *\$3,000* back every year.

Find out how much time and money you could save

TIME SAVED?

MONEY SAVED?

REVENUE PROTECTED?

The PhorestPay card terminal is only the beginning.

Here's how other Phorest features can help you reduce stress, increase revenue, and keep you in control of your numbers all year round.

Because Phorest is the partner that helps your whole business run with confidence, starting long before F.27 -July 01 arrives.

Secure Your Revenue Before the Day Begins.

- **Deposits**

Reduce no-shows and protect your revenue by collecting deposits online or in-house when clients book.

- **Payment Links**

Secure deposits without collecting card details over the phone, while giving clients a convenient way to pay in their own time.

★ **EOFY Benefit:** Deposits don't just protect your revenue day to day. They also make your end-of-year numbers more reliable.

Keep Generating Revenue Between Visits.

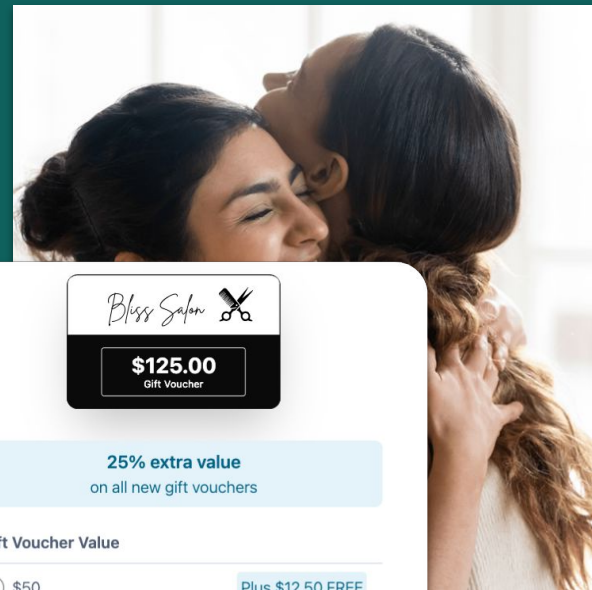

- **Online Store**

Make it easy for clients to shop between visits and generate retail revenue 24/7.

- **Online Vouchers**

Create an additional revenue stream while encouraging client acquisition through gifting.

 **EOFY Tip:** Now is the perfect time to promote retail products and gift vouchers. Every sale before 30 June contributes to this financial year's revenue.

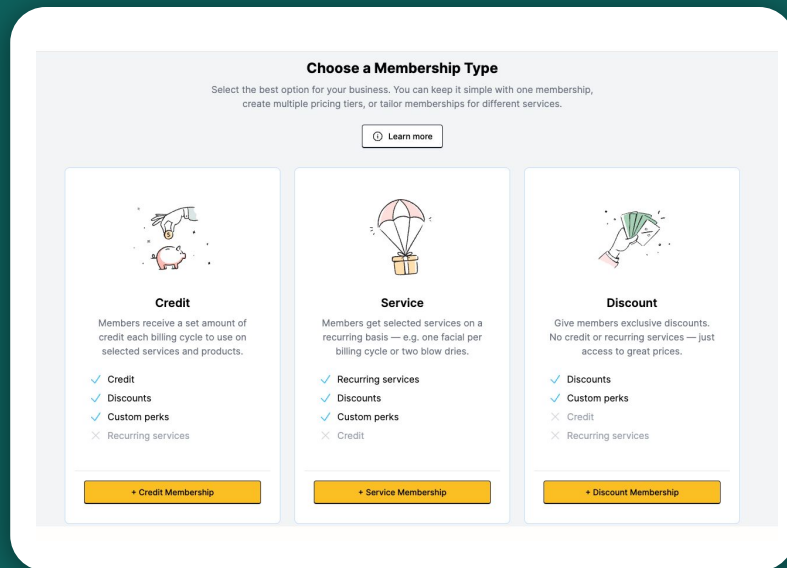

Build Predictable Revenue Month After Month.

- ## Memberships

Generate predictable recurring revenue with automated billing, while increasing client loyalty and reducing admin.

★ **EOFY Benefit:** Predictable recurring revenue makes forecasting easier and EOFY less of a scramble.
